

Sol Dental, PLLC Vision, Mission and Commitments

Vision (where we want to be):

To change the way people feel about going to the dentist. To be a dental office like no other that people actually want to go to.

Mission (our purpose):

To provide outstanding service and quality of care, one patient at a time.

To inspire patients to make the best possible choices for their oral health.

To create an office environment that is happy, positive and uplifting where everyone wakes up and is excited to go to work.

Commitments (how we handle and perform our business):

Be students. We will continue to educate, train and grow ourselves as dentistry is constantly evolving.

Be wise. We will use good judgement and strive to make the best possible decisions based on our integrity and ability.

Be empowered. We will take initiative to find ways to help improve our delivery of exceptional care and solve problems.

Be honest. We will be open, honest and respectful with our communication.

Be recognized. We will acknowledge each other's outstanding performance and strive to be acknowledged by our patients for our outstanding performance, as well.

Be kind. We will work hard to provide great service to each and every patient, which begins with showing courtesy to everyone, patients and coworkers alike.

Be compassionate. We will listen to our patients and each other and try to understand how the other feels so we can help one another.

Be adaptable. We will be willing and able to change or be changed in order to work better and provide better service.

Be happy. We will smile, laugh, and have fun.

Be our best. We will always try to look, feel and present our best possible self.
